## Simplifying Radical Expressions in Algebra - Math Tutor DVD

[www.mathtutordvd.com/public/Simplifying\\_Radical\\_Expressions\\_in...](http://www.mathtutordvd.com/public/Simplifying_Radical_Expressions_in...)

Lesson Summary: In this lesson, you'll learn how to simplify radical expressions in Algebra. A **Radical** expression is just an algebraic expression that involves one or ...

## Adding and Subtracting Radical Expressions - free math help

[www.mathportal.org/algebra/roots-and-radicals/adding-and...](http://www.mathportal.org/algebra/roots-and-radicals/adding-and...)

The steps in adding and subtracting **Radical** are: Step 1. Simplify radicals. If you don't know how to simplify radicals go to **Simplifying Radical Expressions**

## Algebra Basics - Simplifying - Workout

[math.com/school/subject2/practice/S2U2L5/S2U2L5Pract.html](http://math.com/school/subject2/practice/S2U2L5/S2U2L5Pract.html)

The **expressions** on the right have had their like terms combined. Match each expression on the left with an expression on the right.

## Simplifying Algebraic Expressions and Combining Like Terms

[www.algebra-class.com/simplifying-algebraic-expressions.html](http://www.algebra-class.com/simplifying-algebraic-expressions.html)

When **simplifying algebraic expressions**, you will first need to understand how to combine like terms and the distributive property. We will walk through three examples ...

## Simplifying Using the Distributive Property Lesson ...

[www.wyzant.com](http://www.wyzant.com) > Resources > Lessons > Math > Algebra

**Simplifying Using the Distributive Property Lesson**. The **Distributive Property** is an algebra property which is used to multiply a single term and two or more terms ...

## IXL - Evaluate radical expressions (8th grade math practice)

<https://www.ixl.com/math/grade-8/evaluate-radical-expressions>

Fun math practice! Improve your skills with free problems in 'Evaluate **radical expressions**' and thousands of other practice lessons.

## [PDF] Lesson/UnitPlanName: (Solving(Radical(Equations((
